

# DELHI PUBLIC SCHOOL, HISAR

## CIRCULAR (CLASS VI-VIII)

OCTOBER 11, 2022

Dear Parents, Greetings from DPS!

At **DPS**, we

**Provide-** Practical memories & experiences to recall (much easier to recall in exam halls than notes and textbooks)

**Offer-** Real world experience of the subject (by trips how much your subject is useful in real world may be known)

**Improve-** Student teacher relationship

(Students feel easier to talk to you & this helps in building a better classroom atmosphere)

**Build-** Confidence & develop independence

(Confidence in trying new things, like taking responsibility for themselves, making sure they are up & ready on time every day, taking care of property and making sure they behave in a responsible way that everyone around them is safe.)

**Inspire-** Developing intercultural understanding and tolerance

**“Traveling is about exploring and understanding the place, things, and making some unforgettable memories with FRIENDS”**

We believe that all adventures are better when enjoyed together. We also believe that it's about the memories you create with those **friends** rather than the destination that matters. If you live in the moment and gain a stronger **friendship** along the road, you will have a much stronger memory than if you just rushed to the endpoint and didn't enjoy the small things along the way. Live in the moment and do it together!
